Summer 2022

The Lemong'o Project is dedicated to providing support to the Maasai Village of Lemong'o in rural Kenya in the areas of health, nutrition, education and employment. We are committed to helping the beautiful people of Lemong'o not only thrive, but also prosper.

KENYA'S DROUGHT: A NATIONAL AND HUMANITARIAN DISASTER

Drought in Kenya pushes millions towards hunger. ~Reuters

An estimated 2.1 million Kenyans face starvation due to the current drought. ~The Guardian

Kenya's drought has left animals starving to death. ~The Washington Post

Life in Lemong'o, in the best of times, is a daily challenge. Food insecurity is a daily reality for the children in Lemong'o. The many closures imposed by the Kenyan government over the past two years due to Covid-19 as well as a dangerous drought that has been devastating the village since June 2021 have crippled the community's ability to feed its children.

The Lemong'o Project is focused on feeding the people of Lemong'o during this state of emergency. We have put a community food distribution program in place in response to the disastrous economic effects of Covid and the year-long ongoing devastating drought.

Because of YOU, our incredible supporters, The Lemong'o Project has provided food to over 2000 families since April 2020. Since Kenyan schools reopened in January 2021, we have continued our school lunch program, feeding 500 students daily.

LEMONG'O BEADWORK

Maasai women play a critical role in the Maasai community. Women build huts, milk cows, fetch water, complete household chores and raise children. The women of Lemong'o are strong, resourceful, and multi-talented. The mamas work very hard to provide for their children.

The mamas of Lemong'o are the foundation upon which the village of Lemong'o is built. Their love for their children and ALL the children of Lemong'o is without limit.

Over one hundred mamas of Lemong'o create unique beadwork which is sold to The Lemong'o Project. The beadwork is purchased from the women at fair market prices which directly benefits the artists and their families. The beadwork is then brought to the US and sold at local community events. Proceeds from the sales are used to fund: education, health, employment and nutrition.

A special THANK YOU to our donors and market customers

Because of YOU...

500
Children are fed school lunch daily

2000
Families receive food through our community food distribution program

100
Women are employed to create beadwork

10,000
Lunches are provided per month

600
Children and adults receive free medical care and medication

3
Teacher salaries are paid monthly
